Pilots protest against DGCA's statements

SPECIAL CORRESPONDENT
CHENNAI

The Indian Commercial Pilots Association and the Indian Pilots Guild have written to the Union Minister of Civil Aviation demanding the removal of Director-General of Civil Aviation Arun Kumar, an IAS officer, for his comments post the tragic accident of Air India Express Flight No IX 1344 in Kozhikode on August 8.

In the letter – which was also marked to Prime Minister Narendra Modi – on Tuesday, the association/guild said that Mr. Kumar, in a televised interview moments after the accident, had made an “inappropriate” reference to the two deceased pilots.

In another interview

they said Mr. Kumar had mentioned that the “landing was not smooth” and said the remarks “only go to reveal his total lack of technical knowledge and amateurish view of the unfortunate accident”.

‘Casual remarks’

It was an established scientific fact that so called “smooth” touchdowns could be counterproductive in certain adverse weather conditions and may pose a significant risk to safety.

Whether a landing technique is appropriate or a contributory factor to a mishap could only be ascertained after a thorough, evidence-backed investigation and not by speculative, casual remarks, they said.

रूस को वैक्सीन ने मामले में आगे नहीं बढ़ना चाहिए: विश्व स्वास्थ्य संगठन

विश्व स्वास्थ्य संगठन ने कहा है कि उसके पास अभी तक रूस के ज़रिए विकसित किए जा रहे कोरोना वैक्सीन के बारे में जानकारी नहीं है कि वो इसका मूल्यांकन करे.

विश्व स्वास्थ्य संगठन के अंतर्गत आने वाले पैन-अमेरिकन हेल्थ ऑर्गनाइज़ेशन के सहायक निदेशक जरबास बारबोसा ने कहा कि, "कहा जा रहा है कि ब्राज़ील वैक्सीन बनाना शुरू करेगा. लेकिन जब तक और ट्रायल पूरे नहीं हो जाते ये नहीं किया जाना चाहिए."

उनका कहना था, वैक्सीन बनाने वाले किसी को भी इस प्रक्रिया का पालन करना है जो कि ये सुनिश्चित करेगा कि वैक्सीन सुरक्षित है और विश्व स्वास्थ्य संगठन ने उसकी सिफ़ारिश की है.

पिछले हफ़्ते विश्व स्वास्थ्य संगठन ने रूस से आग्रह किया था कि वो कोरोना के खिलाफ़ वैक्सीन बनाने के लिए वो अंतरराष्ट्रीय गाइडलाइन का पालन करे.

Delhi High Court notice to Centre

A plea seeks contempt proceedings against MoEFCC

SOIBAM ROCKY SINGH
NEW DELHI

The Delhi High Court on Tuesday issued notice to the Centre on a plea seeking contempt proceedings against the Ministry of Environment, Forest and Climate Change for failing to publish the translated versions of the draft Environment Impact Assessment (EIA) notification in all 22 languages of the Eighth Schedule.

Justice Sanjeev Sachdeva asked the Centre to respond to the contempt petition filed by environmental conservationist Vikrant Tongad while posting the case for

hearing on August 17.

Mr. Tongad, in his contempt plea, accused the Ministry of “wilful disobedience and deliberate defiance” of the order of the High Court passed on June 30 to publish the draft EIA in the vernacular languages to enable the general public to give their comments, objections or recommendations.

“Such a meaningful (public) consultation was not only difficult but nearly impossible due to the disruption caused by COVID-9, and the failure of the Respondents (Ministry) in giving wide publicity to the provi-

sions of the draft notification, as well as the failure to translate the draft into the regional Indian languages,” the contempt plea said.

Moreover, the Ministry has even failed to upload the draft EIA in the English and Hindi language on the websites of the State Environment Ministries and State Pollution Control Boards, versions of which languages were already available, the contempt petition added.

Previously, the HC had extended the time granted to public for giving opinion on the controversial draft EIA till August 11.

Aaditya writes to Centre over draft EIA notification

‘Several environmentally destructive activities are exempted’

ALOK DESHPANDE
MUMBAI

Maharashtra Environment Minister Aaditya Thackeray on Tuesday wrote to Union Minister of Environment, Forests and Climate Change Prakash Javadekar, expressing reservations over the draft environment impact assessment (EIA) notification.

Pointing out that the notification in its present form fails to align with the Paris agreement and poses a big threat to the goal of achieving sustainable growth, Mr. Thackeray said several environmentally destructive activities such as coal prospecting, crushing and screening of ore, and seismic surveys for oil and gas exploration are exempted from the draft EIA.

He claimed, “National parks and wildlife sanctuaries are no longer safe, i.e. appraisal is no longer needed for some B2 category projects to which various hazardous industries (red and

Aaditya Thackeray

orange industries) have been added.”

Mr. Thackeray said the draft notification allows granting of ex-post facto environment clearance to project proponents who are in clear violation of the law (clause 22), and are in direct conflict with protecting environment. “The draft EIA report will not be openly accessible to the public, but be made available only on a written request and that too for electronic inspection at a notified place, during office hours,” he said.

Mr. Thackeray pointed out that the ecologically sensi-

tive region of the Konkan will be adversely affected if projects are passed without extensive public deliberations. He also turned the spotlight on the Western Ghats, listed in the world’s eight ‘hottest hotspots’ of biological diversity, and said a large part of the Ghats is eco-sensitive areas.

Mr. Thackeray also expressed concern over reducing the role of State governments in decisions related to environment, which could have direct consequences on environment protection efforts. “The draft gives power to the Central government to appoint State EIA assessment authorities. State governments are more akin to environmental matters because they possess a better knowledge of ecological sensitivities of their local regions. Such centralisation would only lead to hurdles or clearances without taking into account the local issues.”
