Award-winning cardiologist Dr. Padmavati passes away

She had many firsts to her credit; was active till the end

BINDU SHAJAN PERAPPADAN
NEW DELHI

Prominent cardiologist and founding director of the National Heart Institute in Delhi Padmavati Sivaramakrishna Iyer passed away here on Sunday.

She was 103 years old.

Dr. Padmavati was awarded the Padma Bhushan in 1967 and the Padma Vibhushan in 1992.

She was also the recipient of the Harvard Medical International Award, Dr B.C. Roy Award and Kamla Menon Research Award and remained active till almost the very end, advising patients and physicians.

Disciplined lifestyle

Though Dr. Padmavati had retired from active practice a few years ago, she would still meet older patients and remain up-to-date about medical research and literature. She often attributed

Padmavati Sivaramakrishna Iyer ■ THE HINDU

her longevity to her genes and disciplined lifestyle.

She also had many firsts to her credit, including establishing the first cardiac clinic and cath lab at the Lady Hardinge Medical College in Delhi; initiation of India's first Doctorate of Medicine in Cardiology; and setting up cardiology departments at the prestigious Maulana Azad Medical College, GB Pant Hospital.

Born in 1917 in Burma (now Myanmar), she was the first woman to receive a

medical degree from Rangoon Medical College. Soon after she completed her studies, Japan invaded Burma in 1942. Dr. Padmavati, with her mother and four sisters, fled the country, taking the last flight to India. She was eventually reunited with her father and brothers when World War-II ended.

In 1949, Dr. Padmavati moved to London as a fellow with the Royal College of Physicians in London and the Royal College of Physicians in Edinburgh. She studied in Sweden before receiving a 1949 fellowship with the Johns Hopkins University's Department of Paediatrics. In Baltimore, she trained under Dr. Helen Taussig, who pioneered the first surgeries on 'blue babies', or babies born with congenital heart defects.

In 1952, she joined Harvard Medical School. She returned to India in 1953.

WHI

'Haladi' loses its flavour amid pandemic

Despite a GI tag, the lockdown has meant meagre sales of the organic tuber

SATYASUNDAR BARIK
BHUBANESWAR

A year after the famed organic turmeric of Odisha's Kandhamal district received the geographical indication (GI) tag, thousands of farmers who hoped to make a profit out of the crop are cursing themselves.

With COVID-19 sweeping across the region, the farmers have been left high and dry as procurement of the condiment has been badly affected by the pandemic.

Though Kandhamal saw a bumper yield this year, less than 20% of raw turmeric has been sold so far, leaving the rest of the produce with the farmers.

"I had grown turmeric in one acre of land. I am not able to sell five quintals as no local trader is ready to give me above ₹40 per kg," said Kiabisi Majhi of Mundibali

No takers: Over 80% of raw turmeric has been left unsold in Kandhamal due to fall in prices this season. ■ BISWARANJAN ROUT

village under Tumudibandh block.

Like Mr. Majhi, a majority of the turmeric farmers have failed to sell their produce as its procurement price has nosedived in Kandhamal, a region where farmer suicides are hardly heard.

"In many interior villages, farmers have not even been approached by local traders. Those who were in urgent

need of cash had no choice, but to sell turmeric at a throwaway price of ₹30 to ₹35 per kg," said Raja Karna, a farmer of Bandhaguda village in Firingia block of the district.

Unscrupulous traders

Taking advantage of the COVID-19 restrictions, unscrupulous traders have been quoting prices below ₹40 for a

kilo of the tuber whereas the Kandhamal Apex Spices Association for Marketing (KASAM), the government-backed cooperative agency, offers ₹60 per kg.

With more than 60% of the geographical area covered with hills and forest, Kandhamal offers ideal conditions for cultivation of various spices including turmeric, ginger, mustard and tamarind.

'Kandhamal Haladi' for which GI tag has been received is a pure organic product. Tribals grow the tuber without applying fertiliser or pesticide. The aromatic value and golden yellow colour of 'Kandhamal Haladi' make it stand out from the rest.

The cultivation begins in the summer months of April and May.

एसोसिएशन ऑफ रिन्यूएबल एनर्जी एजेंसीज़ ऑफ स्टेट्स

Association of Renewable Energy Agencies of States

केंद्रीय नवीन एवं नवीकरणीय ऊर्जा मंत्री और एसोसिएशन ऑफ रिन्यूएबल एनर्जी एजेंसीज़ ऑफ स्टेट्स (Association of Renewable Energy Agencies of States- AREAS) के पदेन संरक्षक आर. के. सिंह ने ऑनलाइन मंच के माध्यम से एआरईएएस (AREAS) के 6वें स्थापना दिवस के समारोह में शामिल हुए।

Association of Renewable Energy Agencies of States

(R.K. Singh, Union Minister of New & Renewable Energy and ex-officio patron of the Association of Renewable Energy Agencies of States(AREAS) attended the 6th Foundation Day celebrations of AREAS through an online platform.

- AREAS का पंजीकरण 27 अगस्त, 2014 को सोसायटी पंजीकरण अधिनियम-1860 (Society Registration Act-1860) के तहत किया गया था।
- AREAS के संरक्षक केंद्रीय नवीन एवं नवीकरणीय ऊर्जा मंत्री तथा इसके पदेन अध्यक्ष केंद्रीय नवीन एवं नवीकरणीय ऊर्जा मंत्रालय के सचिव होते हैं।
- सभी राज्य नोडल एजेंसियाँ इस एसोसिएशन की सदस्य हैं।

AREAS was registered on August 27, 2014 under the Societies Registration Act-1860.

The custodians of AREAS are the Union Minister of New and Renewable Energy and its ex-officio chairman, Secretary, Union Ministry of New and Renewable Energy.

All the State Nodal Agencies are members of this association.

रानी लक्ष्मीबाई (केंद्रीय कृषि विश्वविद्यालय)

प्रधानमंत्री ने वीडियो कॉन्फ्रेंसिंग के माध्यम से रानी लक्ष्मीबाई केंद्रीय कृषि विश्वविद्यालय के महाविद्यालय और प्रशासनिक भवन का उद्घाटन किया है।

प्रधानमंत्री के अनुसार, जब किसान और कृषि, उद्योग का रूप लेकर आगे बढ़ेंगे तो निश्चित रूप से गाँवों में रोज़गार और स्व-रोज़गार के अवसर पैदा होंगे।

रानी लक्ष्मी बाई केंद्रीय कृषि विश्वविद्यालय देश का पहला कृषि विश्वविद्यालय है, जिसे भारत सरकार द्वारा संसद के अधिनियम द्वारा राष्ट्रीय महत्व के संस्थान के रूप में वर्ष 2014 में स्थापित किया गया है।

विश्वविद्यालय का मुख्यालय उत्तर प्रदेश राज्य के झांसी में स्थित है। [विश्वविद्यालय को कृषि, अनुसंधान और शिक्षा विभाग, कृषि और किसान कल्याण मंत्रालय, भारत सरकार, नई दिल्ली द्वारा सीधे वित्त पोषित किया जाता है।]

Rani Lakshmibai Central Agricultural University

The Prime Minister has inaugurated the College and Administrative Building of Rani Lakshmibai Central Agricultural University through video conferencing.

According to the Prime Minister, when farmers and agriculture move forward as industries, employment and self-employment opportunities will definitely be created in the villages.

Rani Lakshmi Bai Central Agricultural University is the first agricultural university in the country, established by the Government of India as an institute of national importance by the Act of Parliament in the year 2014.

The headquarters of the university is located at Jhansi in the state of Uttar Pradesh.

The University is directly funded by department of agriculture, research and education, Ministry of Agriculture and Farmers Welfare, Government of India, New Delhi.

स्टार्टअप चैलेंज प्रतियोगिता 'चुनौती'

देश में स्टार्टअप को बढ़ावा देने के लिये इलेक्ट्रॉनिकी और सूचना प्रौद्योगिकी मंत्रालय ((Ministry of Electronics and Information Technology-MeitY) ने एक नया कदम उठाया है।

मंत्रालय ने 'चुनौती' नामक नई पीढ़ी की एक स्टार्टअप प्रतियोगिता लॉन्च की है।

इसका उद्देश्य देश के टियर-2 शहरों पर विशेष ध्यान केंद्रित करते हुए स्टार्टअप और सॉफ्टवेयर उत्पादों को बढ़ावा देना है।

Startup Challenge Competition 'Challenge' Ministry of Electronics and Information Technology-MeitY has taken a new step to promote startups in the country.

The ministry has launched a new generation startup competition called 'Challenge'.

It aims to promote startups and software products with special focus on tier-2 cities in the country.

India pulls out of **Kavkaz** due to China

The Kavkaz 2020 is a **multilateral military exercise**, also referred to as Caucasus-2020.

It is to be held in **Southern Russia**.

India has withdrawn its participation in Kavkaz 2020 exercise.

कावकाज 2020 एक बहुपक्षीय सैन्य अभ्यास है, जिसे काकेशस-2020 भी कहा जाता है।

इसका आयोजन दक्षिणी रूस में किया जाना है ।

भारत ने कावकाज 2020 अभ्यास में अपनी भागीदारी वापस ले ली है।

Govt to divest up to 15% stake in HAL

The government is looking to raise around ₹5,000 crore by divesting up to 15% stake in state-owned Hindustan Aeronautics Ltd. (HAL).

The government currently holds an 89.97% stake in HAL after selling a 10% stake through an Initial Public Offering (IPO) in 2018 that raised around ₹4,229 crore.

HAL is the only aircraft manufacturer in the country and assembles and builds a range of military helicopters and aircraft.

NOA

Astra Missile

- Recently India successfully test-fired its first indigenous air-to-air missile 'Astra'.
- It is designed and developed by DRDO.
- It works on beyond visual range air to air missile (BVRAAM) technology that enables fighter-pilots to shoot precisely at the enemy targets which are beyond their visual range.
- It was launched from Sukhoi-30 MKI fighter jet and will be further integrated with other jets such as Mirage 2000, the MiG-29 and Tejas.

- 
- ▶ हाल ही में भारत ने अपनी पहली स्वदेशी हवा से हवा में मिसाइल 'ब्रह्मा' का सफल परीक्षण किया।
ब्रह्मा
 - ▶ इसे डीआरडीओ द्वारा डिजाइन और विकसित किया गया है। • यह दृश्य रेंज एयर टू एयर मिसाइल (BVRAAM) प्रौद्योगिकी से परे पर काम करता है जो लड़ाकू पायलटों को दुश्मन के ठिकानों पर ठीक से शूट करने में सक्षम बनाता है जो उनकी दृश्य सीमा से परे हैं।
 - ▶ इसे सुखोई-30 एमकेआई फाइटर जेट से लॉन्च किया गया था और इसे आगे मिराज २०००, मिग-29 और तेजस जैसे अन्य जेट विमानों के साथ एकीकृत किया जाएगा।

Akash-1S missile

- ▶ DRDO successfully test fires Akash-1S **surface to air** **supersonic** missile. SAM
- ▶ It is a new version of the Akash missile fitted with an indigenous seeker.
- ▶ डीआरडीओ ने आकाश-1एस सतह से हवा में सुपरसोनिक मिसाइल का सफल परीक्षण किया।
- ▶ यह एक स्वदेशी साधक के साथ लगी आकाश मिसाइल का नया संस्करण है।

- Akash has been developed by the **Defence Research and Development Organisation (DRDO)** under the Integrated Guided Missile Development Plan along with Agni, Trishul, Prithvi and Nag.

✖✖

- It has a strike range of about 25 km and can carry a 55- kg fragmentation warhead.

✓

- आकाश को अग्नि, त्रिशूल, पृथ्वी और नाग के साथ एकीकृत गाइडेड मिसाइल विकास योजना के तहत रक्षा अनुसंधान एवं विकास संगठन (डीआरडीओ) द्वारा विकसित किया गया है ।

- इसकी स्ट्राइक रेंज लगभग 25 किमी है और यह ५५ किलो का विखंडन बम ले जा सकता है ।

- It can reach an **altitude of 18 km** and can be fired from both tracked and wheeled platforms.
- The new Akash weapon system has combination of both command guidance and active terminal seeker guidance.
- यह 18 किमी की ऊंचाई तक पहुंच सकता है और ट्रैक और पहिएदार दोनों प्लेटफार्मों से निकाल दिया जा सकता है ।
- नई आकाश हथियार प्रणाली में कमांड गाइडेंस और एक्टिव टर्मिनल साधक मार्गदर्शन दोनों का संयोजन है ।
