Assam Rifles asked to shift base from Aizawl

Mizoram CM meets the force's DG

RAHUL KARMAKAR
GUWAHATI

Mizoram Chief Minister Zoramthanga has asked the Assam Rifles to shift its base from the heart of State capital Aizawl to Zokhawsang about 15 km away at the earliest besides stepping up vigil along the border with Myanmar to check drug trafficking. One of the battalions of the Assam Rifles, India's oldest paramilitary force established in 1835 as the Cachar Levy, had moved to the State capital in 2019.

The Mizo National Front government had in 1988 asked the Assam Rifles to shift from Aizawl after the killing of 12 civilians in an "encounter".

The party returned to power in 2018.

A Mizoram government spokesperson said on Thursday that the issue of shifting was taken up a day earlier at a meeting between Mr. Zoramthanga and Lt. Gen. Sukhdeep Sangwan, the Di-

cott of the Independence Day celebration. The DGAR also met Mizoram's Chief Secretary Lalnunmawia Chuaungo over the ongoing cold war.

The stand-off between the Mizoram government and the Assam Rifles began on August 18, when 15 personnel of the force's 46th Battalion allegedly forced their way into the State ignoring COVID-19 safety protocols.

Complaint to MHA

On August 24, Mr. Chuaungo wrote to the Home Ministry complaining about the alleged violation and the I-Day "boycott" by the paramilitary force.

Shifting of Assam Rifles bases from urban centres in the Northeast has been a sentimental issue, as the paramilitary force is seen as a reminder of many a conflict.

A long-pending demand in Manipur was fulfilled in November 2004 when the Assam Rifles moved out of

Gen. Rawat pushes for Quad

CDS cautions Pakistan against taking advantage of India-China tensions

SPECIAL CORRESPONDENT
NEW DELHI

India wants the Quad to become a system to “ensure freedom of navigation (FoN) and freedom of navigation operations (FONOPS)” in the Indian Ocean and around, Chief of Defence Staff (CDS) General Bipin Rawat said on Thursday, while highlighting the threat of a combined challenge from Pakistan and China on two fronts, and cautioning Pakistan against taking any advantage of the tensions with China.

“As far as Quad is concerned, we feel this is a good arrangement which will ensure that the Indian Ocean Region (IOR) and all other oceans around... there is complete FoN without fear

As far as Quad is concerned, we feel this is a good arrangement which will ensure that the Indian Ocean Region and all other oceans around, there is complete FoN (freedom of navigation) without fear of any other nation singularly trying to dominate the oceans

GENERAL BIPIN RAWAT, CHIEF OF DEFENCE STAFF

of any other nation singularly trying to dominate the oceans,” Gen. Rawat said at a webinar organised by the U.S. India Strategic Partnership Forum, when asked about the Quad grouping consisting of India, Australia, Japan and the U.S.

“We are very keen to ensure that there is complete FoN on the seas and in the

airspace above,” he said.

On the border situation, Gen. Rawat said the threat from Pakistan would be mainly in the form of proxy war but should any threat develop on the northern borders, the neighbour could take advantage and create trouble there. “Therefore, we have taken adequate precautions to ensure

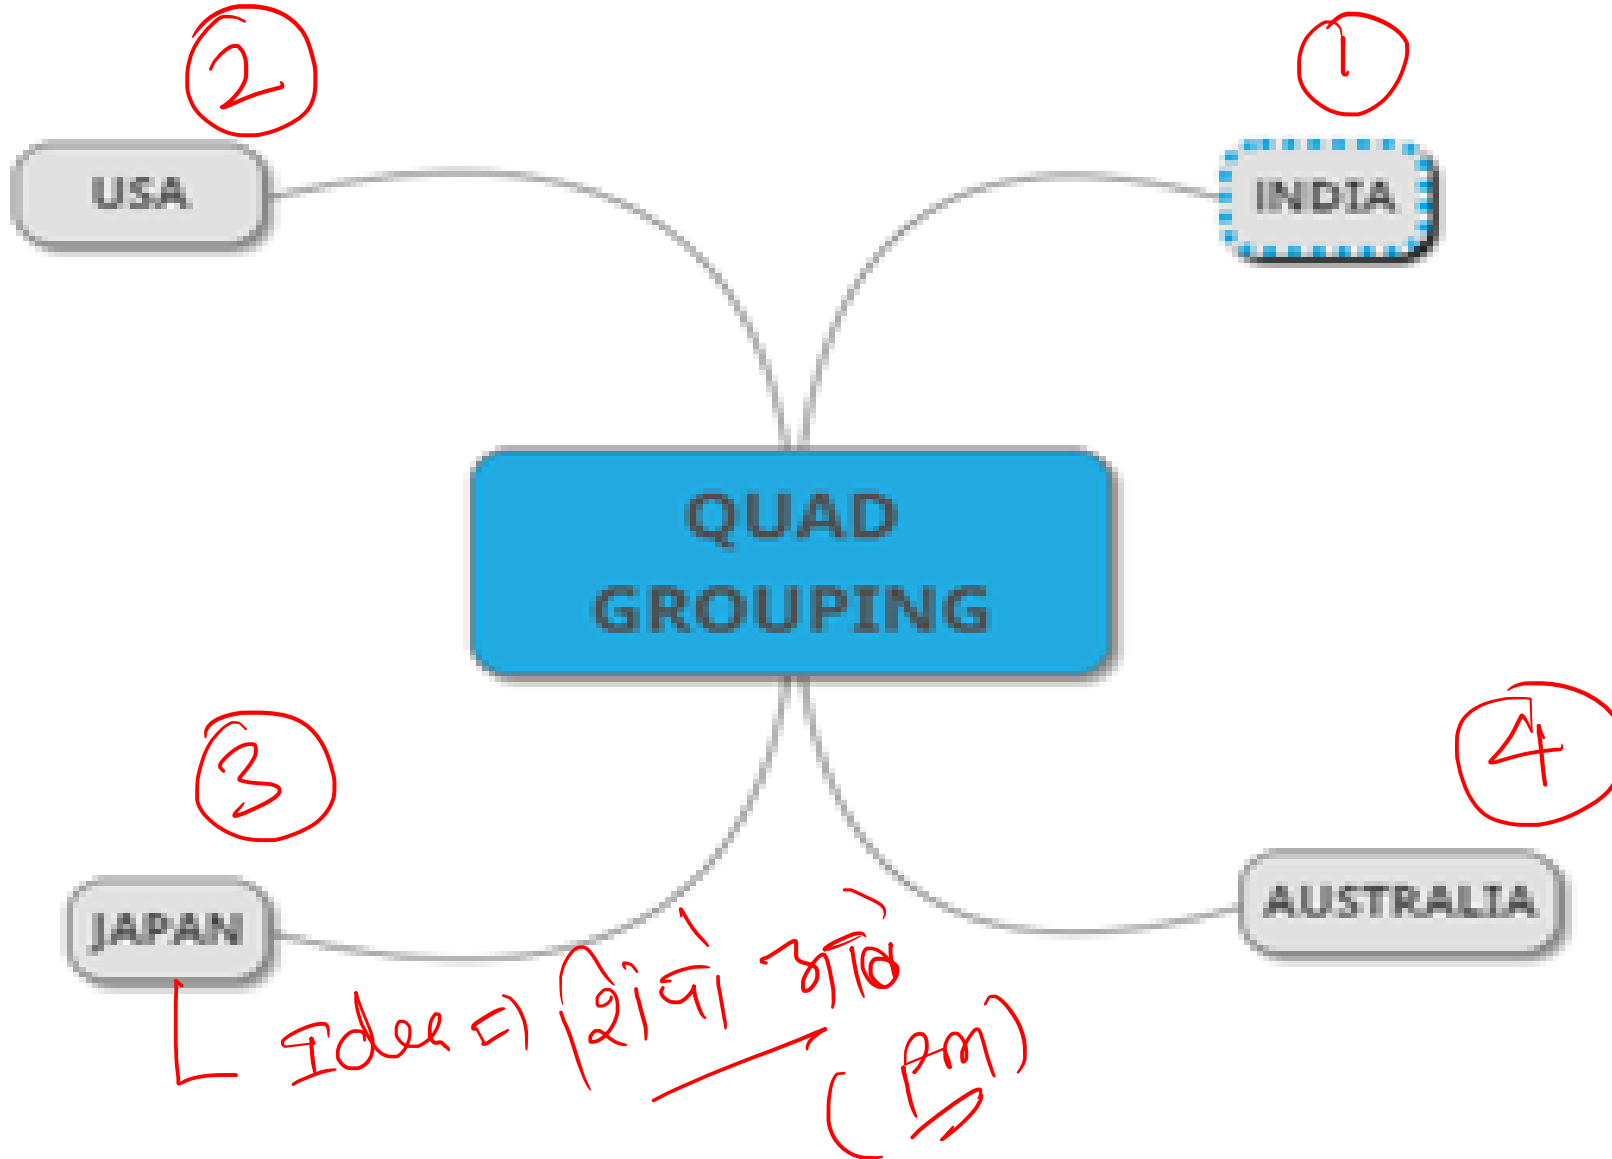

that any such misadventure by Pakistan is thwarted and they are not able to succeed in their mission. But, in fact, they may suffer heavy losses should they attempt any misadventure,” he said.

On China, Gen. Rawat said there were border management protocols signed from 1993 onwards that had been modified continuously. “But of late, we have been seeing some aggressive actions by the Chinese but we are capable of handling these in the best suitable way,” he said, without making any specific comment on the ongoing standoff in Ladakh.

Russia will hold drills in Mediterranean: Turkey

Ankara is boosting ties with Moscow

ASSOCIATED PRESS

ANKARA

Turkey has announced that Russia will hold live-fire naval exercises in the eastern Mediterranean, amid escalating tensions between Turkey and its coastal neighbors Greece and Cyprus over rights to search for energy resources in the region.

The navigational notice issued on Wednesday said the Russian exercises will take place during September 8-22 and September 17-25 periods in areas of the Mediterranean, where Turkish seismic research vessels are operating.

There was no immediate comment from Russia on the exercises, which Turkey announced after the U.S. said it was partially lifting a

33-year-old arms embargo against ethnically divided Cyprus.

It's unclear why NATO-member Turkey would announce such drills on Moscow's behalf, but the two countries have in recent years significantly strengthened their military, political and economic ties. They are coordinating closely on their military presence in Syria, while Turkey has purchased Russia's advanced S-400 missiles and has broken ground on a Russian-built nuclear power plant on its southern coast.

Turkey has reacted angrily to the U.S. move that it said went against the "spirit of alliance" between Washington and Ankara. It also warned that it would harm efforts to reunify Cyprus.

PM's Twitter account hacked

Investigation is on, says platform

SPECIAL CORRESPONDENT
NEW DELHI

The Twitter account of Prime Minister Narendra Modi's website narendra-modi.in was hacked early on Thursday morning, with hackers attempting to solicit cryptocurrency from his followers.

The U.S.-headquartered social media giant said it was aware of this activity and had taken steps to secure the compromised account.

"We are actively investigating the situation. At this time, we are not aware of additional accounts being impacted," a Twitter spokesperson said in an emailed reply.

Twitter suffered a major hack in July last wherein some hackers were able to get access to its internal systems to take control of the accounts of major public figures and corporations, including U.S. presidential candidate Joe Biden, former

Narendra Modi

U.S. President Barack Obama, billionaire Elon Musk, Microsoft co-founder Bill Gates, Amazon CEO Jeff Bezos and Apple.

However, the hack of Mr. Modi's account, as per investigation by Twitter, was not due to a compromise of its systems or service. There was no indication or evidence of any correlation between this account compromise and the incident that took place in July, it added. The Twitter account of his website has 2.5 million followers, and follows 968 accounts.
