EU raises concerns over action against Amnesty

MHA defends ongoing investigation

Expressing “concerns” about the government’s investigation into Amnesty International (AI), the European Union said it hopes the global human rights agency can continue its work in India.

However, the government defended its actions, and said AI is in “clear contravention” of Indian law.

The action against AI including freezing their funds, followed a Central Bureau of Investigation (CBI) inquiry, and is part of the government’s scrutiny of more than 20 international NGOs including Greenpeace, Compassion International, and Ford Foundation, over the past few years.

Malabar exercise: meeting to discuss Australia's entry

India being pressed to include Canberra

DINAKAR PERI
NEW DELHI

India will discuss its decision on whether to allow Australia into the Malabar trilateral exercise at the next week's Quad Foreign Ministers meeting in Tokyo, a defence source said.

"The issue would be discussed when they meet in Tokyo on October 6. Based on the understanding reached, a formal announcement could be made by the Ministry of Defence here," the source said.

This year's edition of the exercise consisting of India, Japan and the U.S. is scheduled to take place in mid-November. India and the U.S. are also scheduled to

hold the next round of 2+2 ministerial dialogue.

External Affairs Minister Jaishankar will visit Japan from October 6-7 for the second India-Australia-Japan-U.S. ministerial meeting, the External Affairs Ministry said on Tuesday.

No final decision

The Defence Ministry on Friday discussed the issue of inviting Australia for the Malabar exercise and an understanding has been reached but no final decision was taken. As reported by *The Hindu* on June 3, after years of reluctance due to Beijing's sensitivities India said it was open to Australia's inclusion in the Malabar.

Mizoram remains only State without virus fatality

SPECIAL CORRESPONDENT
GUWAHATI

Mizoram remains the only State in India without any COVID-19 fatality, as the death count in the country nears the 1,00,000 mark.

Chief Minister Zoramthanga attributes the zero fatality to the “community discipline” besides the medical fraternity that has

been up to the challenge despite limitations.

Microbiologists at Zoram Medical College, the State’s only COVID-19 hospital 15 km south of capital Aizawl, said the factors behind Mizoram’s ability to buck the trend merited research. But they agreed that the community engagement in the State played a major role.

India rejects China's 'unilateral' claims on LAC

Beijing questions Ladakh status, opposes infra projects in U.T.

ANANTH KRISHNAN

India and China on Tuesday exchanged sharp statements, blaming each other for the continuing border tensions, with New Delhi describing China's Line of Actual Control (LAC) claims as "untenable", and Beijing saying it "did not recognise" the Union Territory of Ladakh.

"India has never accepted the so-called unilaterally defined 1959 Line of Actual Control (LAC)," the Ministry of External Affairs (MEA) said in response to a statement from China's Foreign Ministry that the LAC was "clear" and that "it is the LAC of November 7, 1959".

The LAC of 1959 was first referenced in a letter from then Chinese Premier Zhou Enlai to Jawaharlal Nehru – an idea rejected by Nehru and subsequently never accepted by India.

A South Block official said China had, this summer, gone even beyond this 1959 claim line.

"While we don't recognise the 1959 claim line, even going by their own 1959 line which runs near Patrol-

India's position that it never accepted the 1959 line was "consistent and well known, including to the Chinese side," the MEA said, adding that both sides had, in previous bilateral border agreements, including the 1993 Agreement on Maintenance of Peace and Tranquillity along the LAC, the 1996 Agreement on Confidence Building Measures in the military field and the 2005 Agreement on Political Parameters and Guiding Principles, "committed to clarification and confirmation of the LAC to reach a common understanding of the alignment of the LAC".

The MEA said, "In fact, the two sides had engaged in an exercise to clarify and

insistence now of the Chinese side that there is only one LAC is contrary to the solemn commitments made by China in these agreements... It is the Chinese side which by its attempts to transgress the LAC in various parts of the Western Sector, has tried to unilaterally alter the status quo... We, therefore, expect that the Chinese side will sincerely and faithfully abide by all agreements and understandings in their entirety and refrain from advancing an untenable unilateral interpretation of the LAC."

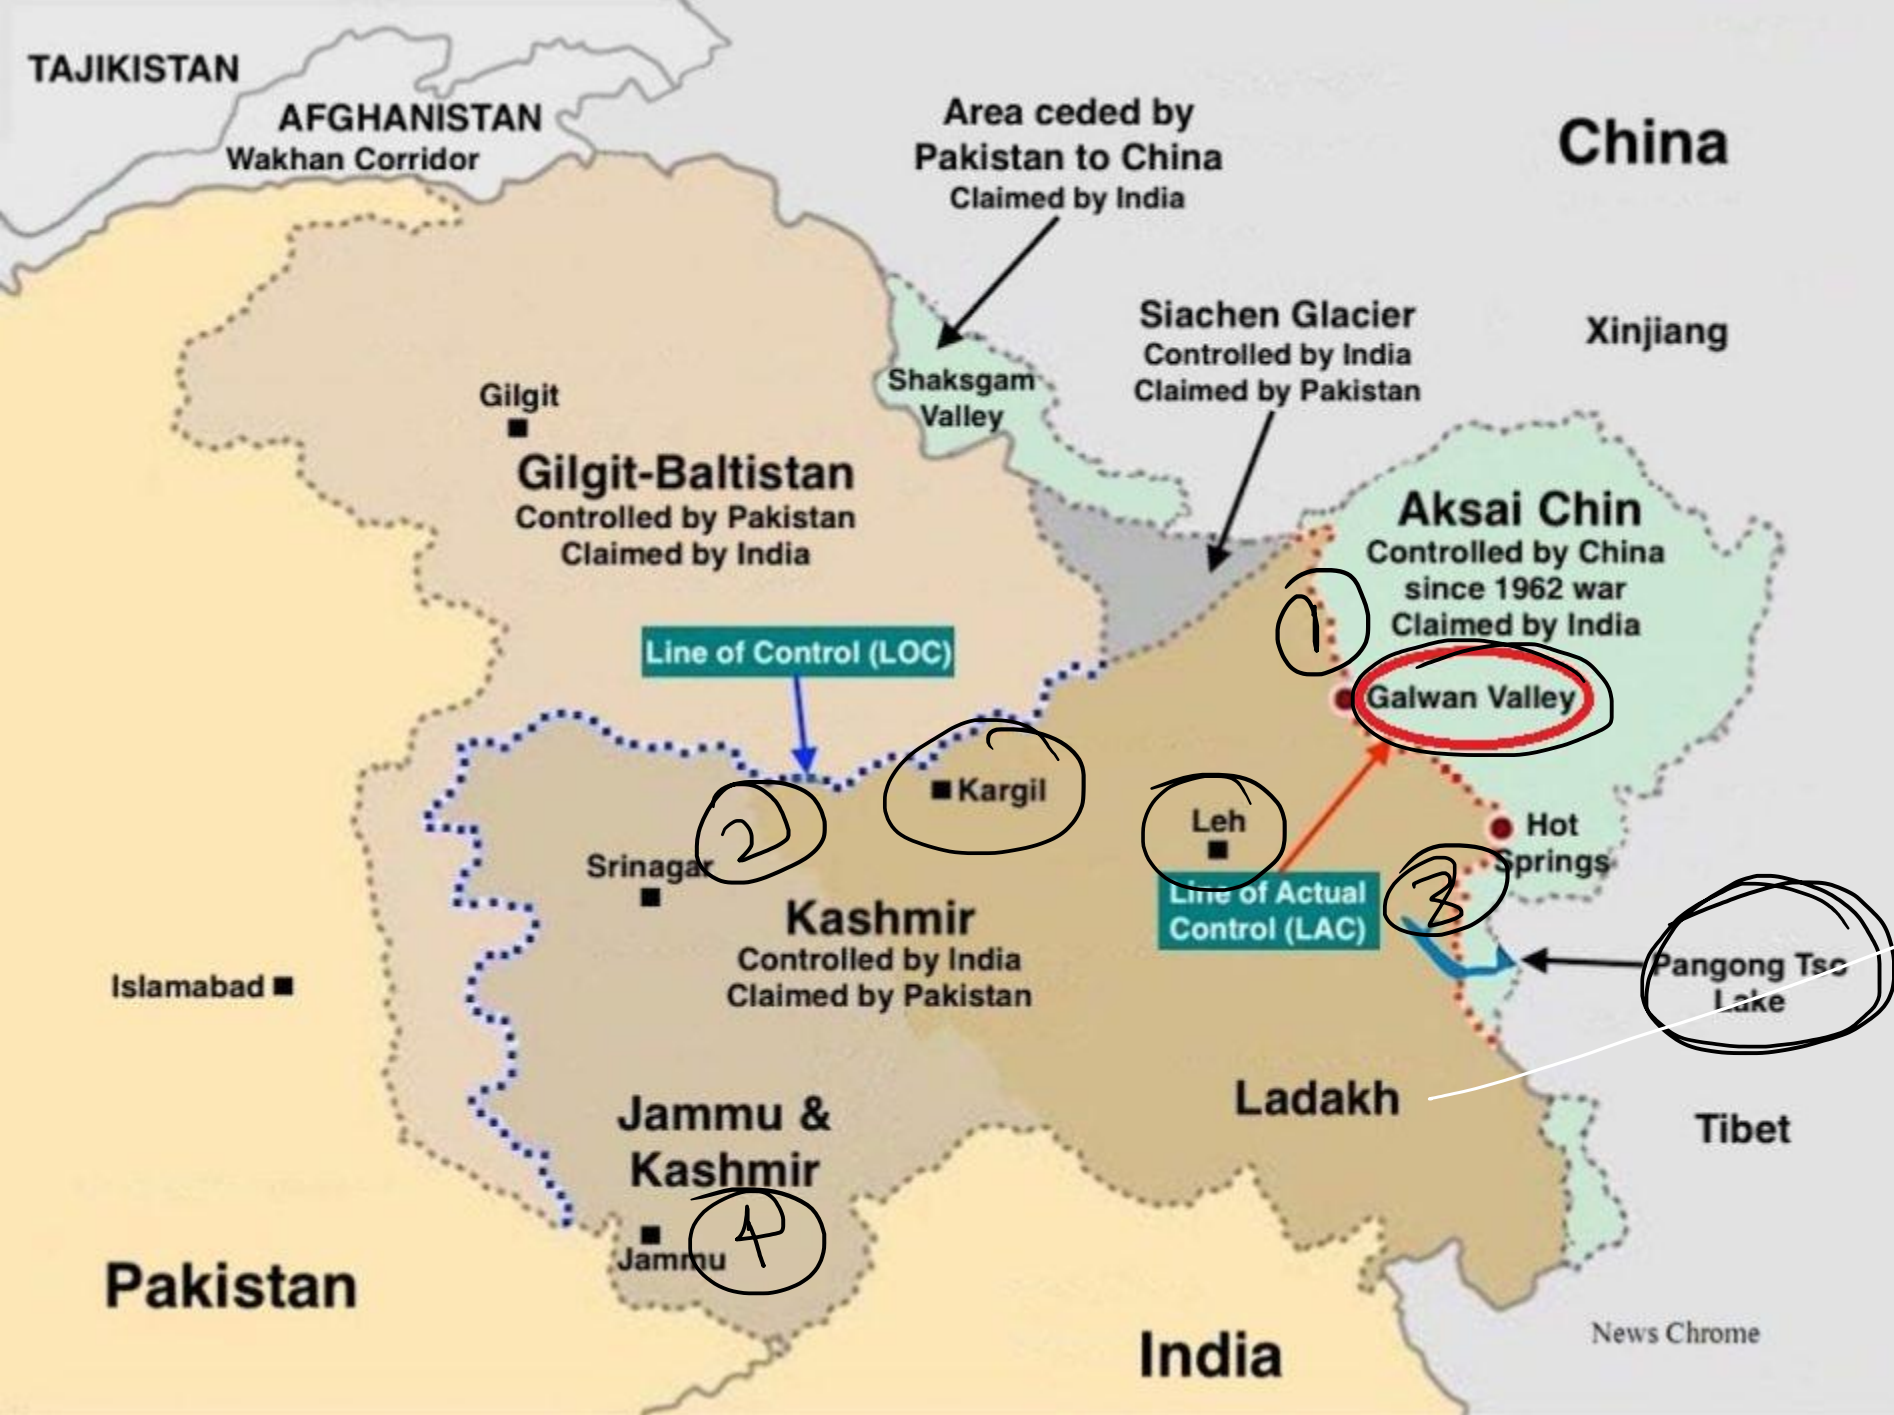

The Chinese Foreign Ministry, to a question on India's border infrastructure projects in Ladakh, said it did not "recognise" Ladakh,
